## Guidelines for School Calendar Days

Principals – please use the following guidelines as you plan your school calendar for next year. When your calendar is completed and voted by your school board, please forward a copy to Fawn at [fawn.fahrer@oc.npuc.org](mailto:fawn.fahrer@oc.npuc.org).

Guidelines for Instructional Days – minimum 175:

- Must meet the standards of a full school day or a minimum school day.
- Minimum day is at least 3 ½ hours in length, excluding a lunch break.
- Direct student/teacher interaction must occur during this time for at least 3 ½ hours.
- Attendance is required of all students. In order to count, more than half of the students must be in attendance for at least 3 ½ hours.

Guidelines for Professional Growths Days – minimum of 5:

- Professional growth is defined as learning something new or improving teacher pedagogy for the benefit of student success.
- May include conference provided professional growth such as Together as One and Conference-wide PLC days.
- Schools need to provide targeted professional growth time dedicated to their school-wide growth goals. Pre- or Post-session days can be used to meet this expectation.

Inclement Weather Days:

- Schools will incorporate at least 2 inclement weather days into the school calendar, in addition to the 180 days above.

Please check the Oregon Conference website for inclement weather details.

As the employer for all contracted conference educators, the Oregon Conference Office of Education is responsible for setting the dates for all education-related calendar items.

All changes to the conference calendar, including changes to 10-month contract dates, must be cleared through Edco before being announced to staff, parents, or students, and before any actions are taken relating to the requested date changes.
