

Principal Recommendation for Teacher
For the 2026-27 School Year
DUE January 30, 2026

Because Oregon Conference schools are in process toward full utilization of iObservation for teacher observation and evaluation, the *Principal Recommendation for Teacher* form does not contain an evaluative component as it has in recent years. However, it is assumed that principal recommendations are based on knowledge and evidence of acceptable teacher performance related to planning, instruction, conditions for learning, and professional responsibilities.
